About Baltimore

One of the nation's most historic and important seaports, Baltimore is home to numerous historical sites, freshly caught seafood restaurants, and the birthplace of the "The Star-Spangled Banner" national anthem. The city houses venues and attractions that offer fun and entertainment for the whole family, from the National Aquarium showcasing thousands of marine creatures to the many crab shacks and Civil War-era ships, Baltimore's diverse and expansive history make it a top contender for anyone with an appetite for seafood and history.

Between the many museums, art galleries, historical sites, aquariums, and restaurants, Baltimore has more than enough entertainment value and beautiful venues to host events of all kinds.
